

August MedicAide

Idaho MMIS Transition News Medicaid Web Portal

Idaho Medicaid will be transitioning to a new system at the end of 2009. Many new features will be available to you. One exciting new feature is the Web portal which will allow you to:

- Submit claims using the Web
- Submit and retrieve Healthy Connections referrals
- Submit prior authorization requests
- Check on the status of current prior authorizations for your members
- Download your Remittance Advice directly from the portal
- Inquire about submitted claims

This is just a preview of the new system features. Each month, we will provide you with additional information on what the new system will do for you. Keep watching the newsletter for more information on the transition to the new system.

Worried You Might Miss Something Important?

Not to worry, an extensive statewide outreach strategy is in development and will include face-to-face group and individual training as well as online training opportunities. Training materials will be available on the web at idahommis.idaho.gov and trained staff will be available via phone and email to answer all your questions.

For questions please email us at: idahommis@dhw.idaho.gov
